Introduction

Nestled gracefully on the serene North Bank of the majestic river Brahmaputra, Baptist Christian Hospital stands as a symbol of excellence in healthcare and education in the picturesque town of Tezpur, Assam, India. Surrounded by the enchanting landscapes of the North-Eastern region, this institution radiates a sense of tranquility and purpose.

Tezpur, the vibrant headquarters of Sonitpur District, holds a significant place in the region, exuding its rich cultural heritage and historical significance. Tezpur,

located a convenient 250 kilometers east of Dispur, the capital of Assam, offers easy access to the heart of the state. With Guwahati, the nearest railway station and airport, readily accessible, the institution warmly welcomes aspiring nursing students from both near and far. Situated just four kilometers away from the town of Tezpur, Baptist Christian Hospital proudly stands, offering a nurturing and conducive environment for learning.

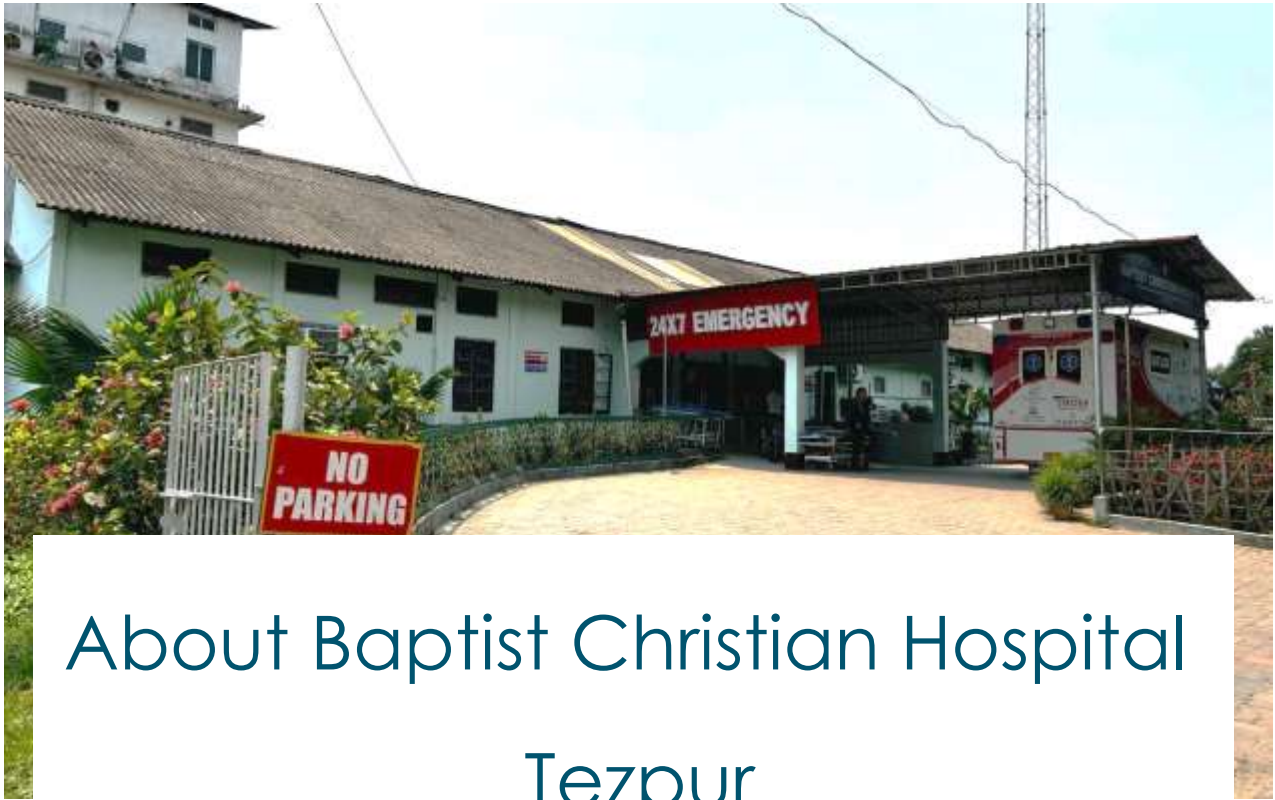

Enveloped within the hospital premises, the nursing school stands as a testament to the harmonious integration of education and healthcare. Here, amidst the caring walls of the hospital, aspiring nurses embark on their transformative journey, honing their skills and nurturing their passion to serve humanity.

“Welcome to the School of Nursing, where the beauty of the Brahmaputra meets the pursuit of knowledge, and where nursing students find their calling in a world of compassion and healing.”

About us

About Baptist Christian Hospital Tezpur

Located in the Sonitpur district of Assam, the Baptist Christian Hospital in Tezpur is a renowned healthcare facility with a capacity of 130 beds. Its rich history dates back to 1954 when it was established with a noble vision to provide quality medical services to the local community and the underprivileged.

The Baptist Christian Hospital, Tezpur, is registered as a society under the Society Registration Act of India, 1860.

Since its inception, the Baptist Christian Hospital, Tezpur, has been dedicated to serving the healthcare needs of the economically disadvantaged and marginalized

populations in the region.

It serves not only the local population but also reaches out to the surrounding districts, extending its healing touch to the underprivileged communities.

As a part of the Emmanuel Hospital Association (EHA), New Delhi, the Baptist Christian Hospital is affiliated with one of the largest non-governmental

healthcare providers in India. The EHA's extensive network includes 19 hospitals, 42 community health projects, and seven nursing schools, strategically spread across North, Central, and North-East India.

The Baptist Christian hospital is the parent hospital for School of Nursing.

Vision

“Fellowship for transformation through caring”

Mission

BCH is a fellowship of individuals that contribute to the transformation of communities in Assam and Arunachal Pradesh, focusing on the poor and the marginalized through holistic, appropriate health care, training, research, and community development in the name and Spirit of Jesus Christ.

History of School of Nursing

The School of Nursing, Baptist Christian Hospital, was established in April 1954 by Ms. Arlene Jenson and Ms. Betty Pierson, Christian Missionaries from the Baptist General Conference (BGC) USA.

Driven by their compassionate vision and a deep commitment to serving the community, Miss Jenson and Miss Pierson embarked on a journey to not only provide healthcare services but also to cultivate a cadre of well-trained nurses capable of making substantial contributions to the improvement of healthcare delivery in the region.

At its core, the school's mission was twofold: to offer high-quality nursing education and to extend healthcare services to those in need.

The founding of the school marked an important milestone in the field of nursing education. In its inaugural year, the School of Nursing admitted its first batch of six students.

Mission Statement

“The School of Nursing exists to transform communities through educating and training Nurses to serve in the name and spirit of Jesus Christ.”

Vision

“Transformation of people through Education and Caring”

Motto

“By love serve one another”

Aims

1. To prepare competent Nurses to provide holistic care in the hospital and community, in the name and spirit of Jesus Christ.
2. To develop Nurse Leaders for the health scenario in India.
3. To help Nurses in their personal and professional development, so that they are able to make maximum

contribution to the society as useful and productive individuals, citizens as well as efficient Nurses.

4. To prepare Nurses to keep pace with the latest professional and technological developments and use these for providing Nursing Care Service

“Nursing is genuinely an incredible profession, but those who decide to take up this profession must have a call for this service, with commitment to care for others in the fear of God.”

Dual Responsibility

In its recent resolution, the Indian Nursing Council has introduced the concept of Dual Role for nurses. This initiative aims to enhance patient care outcomes, elevate the quality of care, and enrich nursing education standards through the efficient deployment of qualified faculty members. This initiative is successfully implemented by the school. The school of nursing emerges as the first of its kind to effectively implement the Dual Role framework in the northeastern region.

Under the Dual Role model, faculty members of the nursing school are assigned additional responsibilities within the clinical setting, specifically as ward managers. This organizational framework enhances both staff and student assessments, as faculty members are readily available within the clinical environment. Thus, this dual responsibility arrangement significantly contributes to the overall improvement of healthcare delivery and educational practices in nursing.

Admission Layout

Life at School of Nursing

Hostel

- It is imperative that all students comply with the allocated accommodation assigned to them and maintain strict adherence to the Hostel Rules and Regulations as prescribed by the institution. This requirement is applicable to all enrolled students without exception.
- The allocated accommodation is provided with the intention of creating a conducive living and learning environment, promoting discipline, safety, and harmonious coexistence among students. It is therefore expected that each student fully understands and abides by the established rules and regulations.
- To ensure a productive and secure environment within the hostel premises, students are required to strictly adhere to the guidelines set forth in the Hostel Rules and Regulations.

Mess

- The hostel provides a dedicated mess facility with the objective of offering students wholesome and

healthy meals every day. As part of the hostel regulations, it is compulsory for all students to avail themselves of the food provided in the hostel mess.

- The mess facility ensures that students receive well-balanced and nutritious meals, catering to their dietary requirements.

Campus Activities

- The School of Nursing is dedicated to providing a comprehensive and enriching educational experience for its students.

In line with this commitment, various campus activities are organized,

offering students a wide array of opportunities for recreation, social interaction, and professional growth. These activities aim to create a vibrant and inclusive campus environment that nurtures holistic development and fosters a sense of belonging among students.

- Various campus activities are provided for students, including facilities for recreation, social and professional gatherings, picnics, and field trips.

- The School of Nursing encourages students to actively participate in these activities, avail themselves of the opportunities provided, and make the most of their time on campus. The campus activities aim to create an inclusive, vibrant, and supportive environment that complements

students' academic pursuits, fosters personal development, and prepares them for a successful future.

Health Care

- All students are required to have completed the full immunization regimen before commencing the course. Specifically, this includes receiving full doses of the COVID-19 Vaccine as well as the Hepatitis-B Vaccine.
- It is mandatory for all students to undergo an annual health checkup.
- Subsidized health scheme for all the services provided by the parent hospital is available. The Students Health Scheme follows the policies set by the institution. The scheme includes the following provisions:
 - a. Consultation charges are provided free of cost.
 - b. 60% of the medication expenses are covered.
 - c. 60% of other in-patient treatment bills are covered.
 - d. 80% of surgical procedures (excluding dental) are covered.
 - e. Dental Implants, Cosmetic treatments, and Orthodontic care are available as paid services.
 - f. In the event of a significant illness requiring the student's referral to a higher medical facility, the associated costs will be the responsibility of the parent/guardian.

Uniform

- The School of Nursing is committed to maintaining professional standards and promoting a sense of unity among nursing students. To uphold these principles, the Institution provides uniforms to all nursing students, ensuring a standardized appearance and fostering a sense of identity within the nursing community.
- The school is responsible for providing the uniforms to the students. However, it is important to note that the students are expected to cover the actual cost of purchasing these uniforms. This means that while the school will facilitate the availability of uniforms, the financial responsibility for acquiring them rests with the students.
